Safer Choice Recognized

When you see a product with the Safer Choice label, it means that every ingredient in the product has been reviewed by EPA scientists. Only products that meet their Safer Choice Standards, which includes stringent human health and environmental criteria, are recognized.

Meeting the Safer Choice standard is voluntary. Companies who manufacture Safer Choice products have invested heavily in research and reformulation to ensure that their ingredients and finished product line up on the green end of the health and environmental spectrum. These companies are leaders in safer products and sustainability.

Suggested Name	CAS Used

Pro-Tec Plus [®]	Proprietary
Modified Amide	57-13-6
Sodium Derivative	Proprietary
Calcium Magnesium Acetate	76123-86-9
Polymeric Blue Colorant	Proprietary

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice logo signifies that the product's formula, as CP Industries has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on CP Industries, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of CP Industries non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding.
